1. Background Information

About the school

- 1.1 Cheltenham College is an independent day and boarding school, for boys and girls, aged between 13 and 18 years. It has an attached preparatory school under the same foundation. It is a registered charity, which is overseen by a board of governors known as the Council. The school was established in 1841, as a school for boys, founded on Christian principles. Girls were admitted into the sixth form in 1981 and the school became fully co-educational in 1998. The school has eleven houses, two of which are for day pupils only, whilst the others provide for a mix of full and part-time boarders.
- 1.2 Since the previous inspection, a new girls' boarding house has opened. The college has introduced a well-being programme, called *Floreat*. The provision for information technology has been developed further. The current head took up her post in September 2018.

What the school seeks to do

- 1.3 The school aims to equip pupils to lead purposeful and fulfilling lives by providing an excellent all-round education, which is founded on Christian principles. The school fosters intellectual curiosity, talents beyond the academic sphere, skills for a modern world and a commitment to the service of others, as well as the development spiritual, moral and aesthetic awareness within themselves.

About the pupils

- 1.4 Day pupils come from a range of backgrounds, living within a 20-mile radius of the school. Boarders come largely from the United Kingdom, with about a fifth living overseas. Nationally standardised test data provided by the school indicate that the ability of the pupils is above average. The school has identified 154 pupils as having special educational needs and/or disabilities (SEND), including mild specific learning needs, 49 of whom receive additional support. No pupil currently has an educational, health and care plan (EHC), or a statement of SEND. English is an additional language (EAL) for 191 pupils, of whom 112 receive additional support. The school identifies 106 pupils as being more able and provides a programme of enrichment through a wide range of activities and opportunities, both inside and outside the classroom.

2. Regulatory Compliance Inspection

Preface

The registration authority for independent schools is the Department for Education (DfE), which directs inspection according to a specified frequency or at any time where the DfE has particular concerns about a school. The Independent Schools Inspectorate (ISI) is the body approved by the Secretary of State for the purpose of inspecting schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and reporting on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Accordingly, inspection records whether the school meets each of these standards, which are arranged in eight Parts, each of which is divided into separate paragraphs. Additionally, the inspection reports on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. It comments on the progress made by the school in meeting the compliance action points set out in the school's most recent statutory inspection.

This inspection also contains specific judgements on the National Minimum Standards for Boarding Schools ('boarding NMS'). It also comments on the progress made by the school in meeting the compliance action points set out in the most recent statutory boarding inspection and it judges the extent to which the school currently meets the boarding NMS. It identifies any standards which the school does not meet and requires action to meet them. Findings are distributed across sections relating to the eight Parts of the standards.

All association independent schools will have an inspection within three years from April 2016, in accordance with the Framework and DfE requirements. The inspection may be of COMPLIANCE ONLY or a combined inspection of EDUCATIONAL QUALITY AND COMPLIANCE depending on a number of factors, including findings from their most recent inspection. Schools judged not to meet the standards, including the boarding NMS, may also be subject to a progress monitoring visit before their next routine inspection. The progress monitoring visit will judge whether the school has taken the necessary action to meet any un-met standards identified at their previous inspection.

The inspection was also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards, including the boarding NMS. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated in the relevant section of the report and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.
