Name Tapes

All items of clothing need to be name taped. Name tapes should use the following format in capital letters:

INITIALS SURNAME HOUSE INITIAL, For example: A J HENDERSON XT

House initials are as follows:	Ashmead (A)	Boyne House (BH)	Chandos (CH)	Christowe (XT)	College Lawn (CL)
Hazelwell (H)	Leconfield (L)	Newick House (NH)	Queen's House (Q)	Southwood (S)	Westal (W)

We recommend the use of woven name tapes, which should be 8mm wide with black font on white background. They should be secured inside the centre back of the collar or waistband of the garment. For socks, the name tapes should be looped and the two ends should be sewn together, near the top of the sock. The name tape should be positioned so it is not visible when the garment is worn. Items not suitable for name taping should be identified in the same manner using a waterproof, permanent marker. A supply of spare name tapes should be provided to your House Matron at the start of the academic year.
